

# Little Giant Safety Cage HiViz Green GRP Fibreglass Podium Step

[Representative image of product]

## Features

- Little Giant's patent-pending Hi-Viz Green
- Self-enclosing platform is a versatile, safe alternative to ordinary step ladders
- Fully enclosed platform kick plate and midspan
- Ground Cue indicator alerts user to last step
- Slim storage profile
- Tip & glide wheels for easy transport

## Product Dimensions

SKU	Treads <sup>2</sup>	Approx. Working Height <sup>1</sup> (mm)	Platform Height (mm)	Closed Height (mm)	Width (mm)	Open Depth (mm)	Nett Weight (kg)
1303-984	4	2740	1140	2610	750	1250	24.3
1303-986	6	3310	1710	3210	830	1620	29.5
1303-988	8	3880	2280	3810	920	2000	34.1
1303-990	10	4450	2850	4410	1000	2370	40.0

<sup>1</sup> Working height is calculated as 1,600mm plus platform height or last climbing tread, whichever is appropriate. Ladders set at an angle of 75° degrees.

<sup>2</sup> Treads includes top platform step/top cap tool tray tread

## Specifications

- Warranty: 1-year
- Max Load: 150kg
- Standard: Conforms to EN131 Requirements
- Material: GRP Fibreglass/Aluminium
- Commodity Code: 39269097
- Recommended Usage: Intensive

## Common Dimensions

- Tread Depth: 75mm
- Distance Between Treads: 300mm
- Storage Depth: 150mm
- Top Platform Tread (LxW): 520 x 450mm
- Handrail Height: 1100mm

## Availability & Delivery

(See exceptions, if applicable, overleaf)

# Little Giant Safety Cage HiViz Green GRP Fibreglass Podium Step

## Product Description

The Safety Cage features Little Giant's patent-pending Ground Cue® bottom-rung signal. The Ground Cue trains the operator to feel and hear an audible alert reminding him or her it is safe to step off the ladder. The Safety Cage is constructed of non-conductive, high-strength fiberglass-resin composite. The Safety Cage is mobile and lightweight compared to other enclosed platform options like scaffolds or powered lifts, so you can use it in areas like stages or interstitial levels where a mechanical lift or ordinary stepladder could never go. The Safety Cage allows operators to work hands-free in any direction in complete safety because, unlike platform stepladders, its "wrap-around" guardrail actually wraps around the operator completely in total compliance to tie-off rules. The Safety Cage helps protect operators from the most common causes of stepladder falls, including standing on the top cap and over-reaching. The Safety Cage stores in a compact footprint and is easy to store and transport. Time- and energy-saving Tip & Glide™ Wheels make it quick and easy to move from job to job.

## Shipping Dimensions

SKU	Barcode	Shipping Length (mm)	Shipping Width (mm)	Shipping Depth (mm)	Shipping Volume (m <sup>3</sup> )	Gross Weight (kg)
1303-984	5060356912391	2620	740	150	0.291	29.1
1303-986	5060356912414	3230	830	150	0.402	36.3
